Chat vs Cowork in one line

💬 Chat: you ask, it answers.

📁 Cowork: you hand over a task, you get files back.

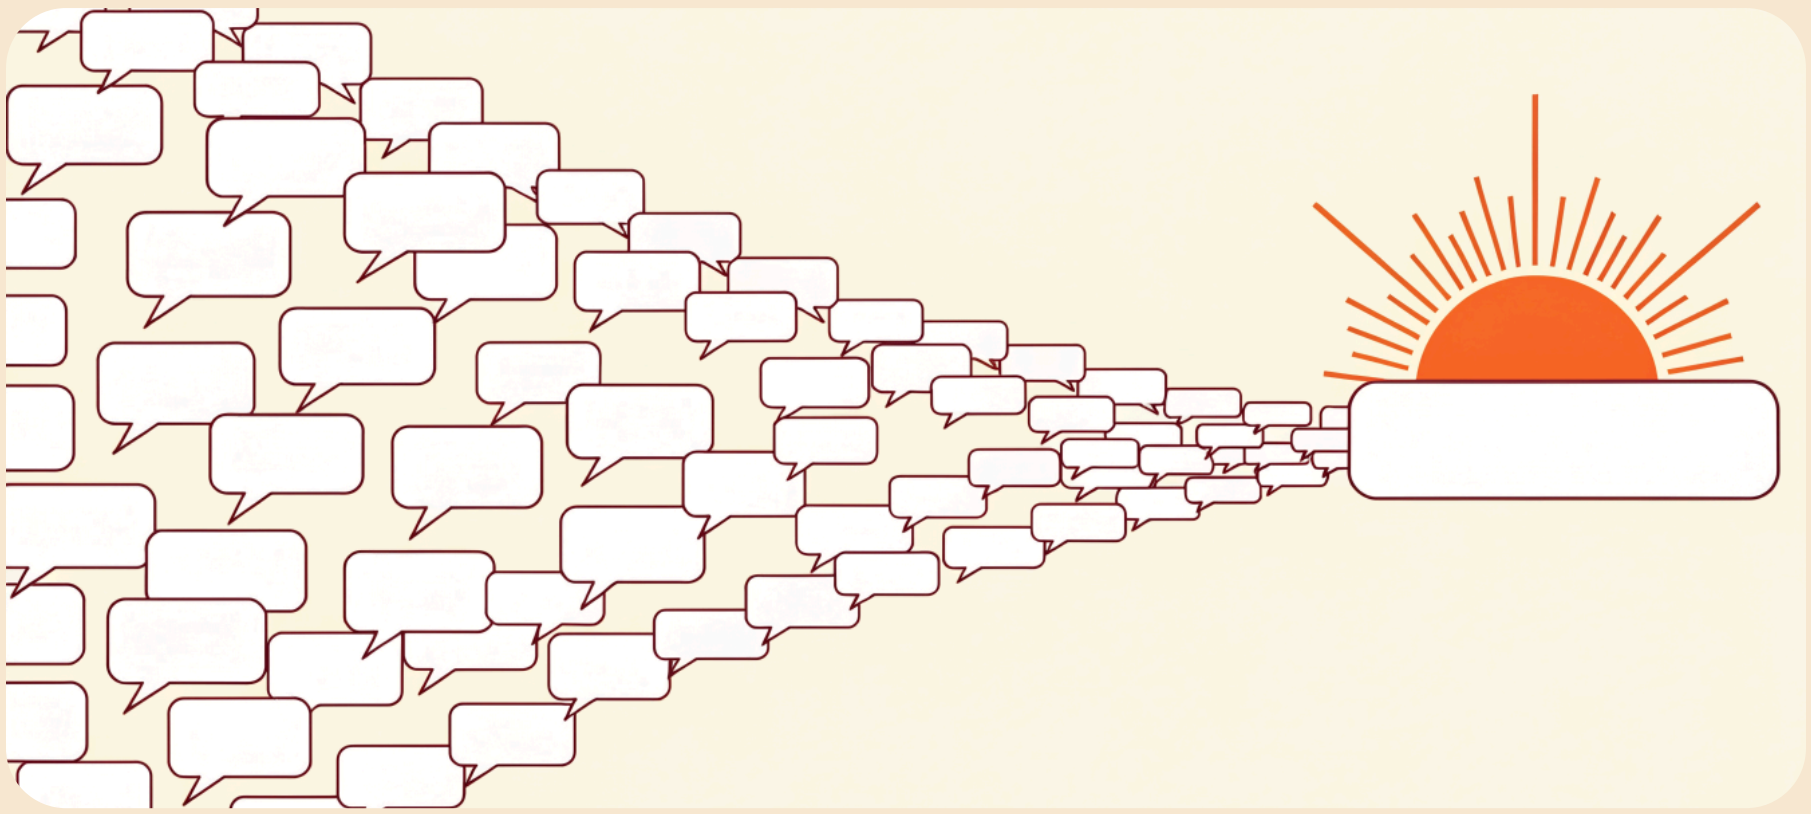

💬 + 📁 **Now: one Claude does both.**

The weekly report you stop writing BETA

INPUT	CLAUDE	YOU GET
Sales sheet in Drive	Flags what slipped, drafts slides	Report and deck, every Monday

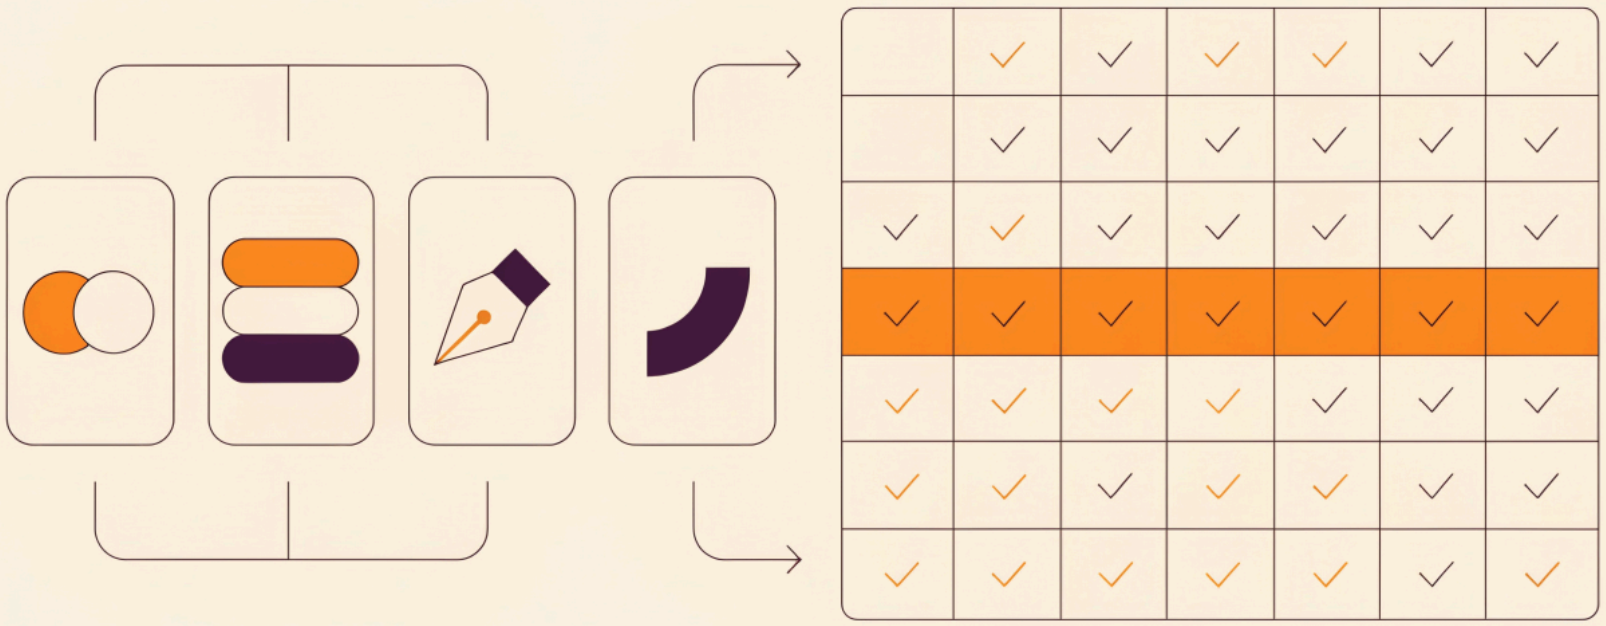

> “Summarise last week's pipeline. Five slides.”

Your morning digest, before you sit down

INPUT	CLAUDE	YOU GET
Team Slack channels	Reads new messages each weekday	One short summary

> “Weekdays at 8 AM: summarise new Slack messages.”

Compare tools, with sources attached

INPUT
Your requirements

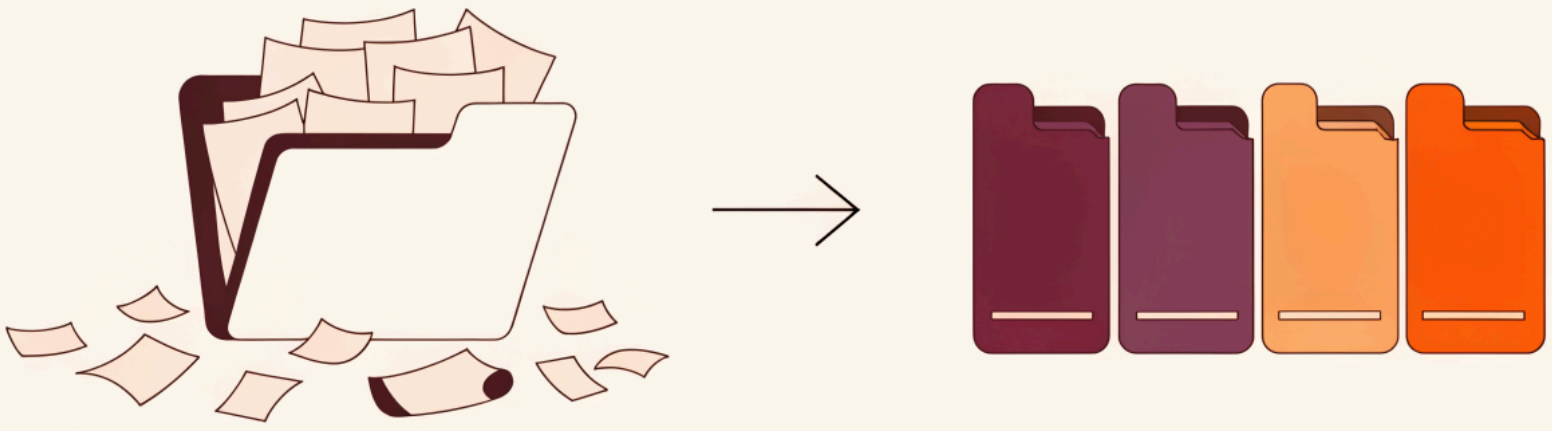

›

CLAUDE
Searches the web, compares options

›

YOU GET
Spreadsheet plus one-page summary

> “Compare five project tools. Source links.”

Clean up the shared folder

INPUT
One folder on your computer

CLAUDE
Sorts files by type and date

YOU GET
A tidy folder

> “Sort this folder by type and date.”

From notes to a deck you can present BETA

INPUT	CLAUDE	YOU GET
Interview notes	Pulls themes and quotes	A doc and a 10-slide deck

> “Top themes, one quote each, 10 slides.”

Set it up in 20 minutes

- Write your instructions for Claude
- Connect two or three apps
- Make one working folder
- Brief one real task
- Schedule one weekly report

Four safety habits

- Start on Manual: Claude asks first.
- Give it the smallest folder.
- Keep originals out of reach.
- Review anything that sends or deletes.

Get the free pack: templates, eight skills, setup guide.
